

MEMORANDUM FOR: Special Assistant, DDCI

FROM:

  
Chief, Planning and Resources Staff, DDS&T

25X1

SUBJECT: DDS&T Issues

Attached are DDS&T Foreign Policy/Management Issues you requested. As we discussed earlier I must emphasize that these issue statements were generated outside of our normal planning cycle and therefore do not have full directorate endorsement at this time. As part of our established planning process we would plan to relook the DDS&T issues at our Annual Review in the September/October timeframe, with the intent of restating/revalidating the most important issues facing this directorate. I will forward the updated issue statements to you at that time.
